Fall 2009 Anime Catalog

Welcome to our Fall 2009 Catalog!

Here at Right Stuf, our Year of the Otaku is continuing. So far we've introduced Ninja, Kawaii, Samurai, Shoujo, Sci-Fi, Magical Girl, Horror and Vampire Otaku. What kinds of Otaku are you?

We hope one of the answers to that question is "Otaku who get the most for their money." To help with that mission, in the past few months, we've changed our pricing structure by offering even more books, manga, DVDs and Blu-rays at an "everyday" discount of 25%. That means you can get our old "pre-order" pricing on most items, all the time... and that's before you factor in any sales OR the extra 10% discount that Got Anime members receive! (For more on Got Anime, see page 6.)

Our Nozomi Entertainment division has also had a big year. *ARIA The ANIMATION* was selected as the "DVD Release of the Year" by our friends at AnimeOnDVD @ Mania.com. Collectors' box sets featuring *The Third: The Girl With the Blue Eye*, *Gakuen Alice*, and the remastered TV and OVA series for *The Irresponsible Captain Tylor* were released, along with "value collections" of *His and Her Circumstances*, *Astro Boy*, *Kimba* and *Boogiepop Phantom*. And the first of two premium sets featuring *Rental Magica* are on the way!

As we head into 2010, expect to see even more otaku-favorite releases including *Maria Watches Over Us* Season 4, *ARIA The ORIGINATION* (and the *ARIETTA* OVA), seasons 1 and 2 of *Junjo Romantica*, and the *Antique Bakery* anime. (Plus more we haven't even talked about yet!)

And all of the above is for YOU. We wouldn't be here without you - the fans! So tell us what you think about the store, about our licensing decisions and even about the Anime Today podcast. There are more ways than ever to share your thoughts with us - from our Twitter, Facebook and YouTube pages to our very own Anime Today forums, phone calls and emails.

We're listening, and we're looking forward to continuing to serve you - because, here at Right Stuf, the Year of the Otaku is really every year!

Best regards,

Myth & Magica

Celtic magic, the magic of King Solomon. Onmyoudou, Shintoism... The mage recruiting agency Astral faces harsh dangers and deadly adversaries with a large variety of specialties at their disposal. While much of the magic in *Rental Magica* may seem far fetched, it's well documented in the myths of multiple cultures and spans over thousands of years! Let's take a look at the magic used by Astral's three primary practitioners, Honami, Nekoyashiki, and Mikan, as well as their oftentimes guest practitioner from Goetia, Adelia.

ARCANE SPECIALTIES OF RENTAL MAGICA

Practitioner
Honami Takase Ambler

Celtic Magic

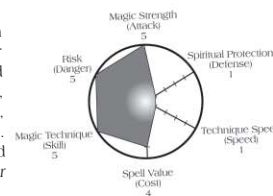

From about 3000 years ago to the 5th century, the Celts were a flourishing people in Europe, and Honami's abilities are modeled after the Celtic druids of that period. Druids were thought to be able to influence weather, harvests, and other things in nature. Some of this is reflected in the show through Honami's use of mistletoe and small, circular stones called "enseki," which are explained in greater detail in the book that is included with the first *Rental Magica* box set.

Practitioner
Adelia Lenn Mathers

King Solomon's Magic

In *Rental Magica*, the magic of King Solomon focuses on the summoning and control of various demons and greater supernatural beings. Some of this stems from the legends told of King Solomon, the son of David, King of Israel. Supposedly, Solomon could command and control demons and djinns, had dominion over the wind, and could fly on a magic carpet. Adelia's demons, such as Forneus and Eligor, are also based on demons of myth, as detailed in the book entitled *The Lesser Key of Solomon*.

Practitioner
Ren Nekoyashiki

Onmyoudou

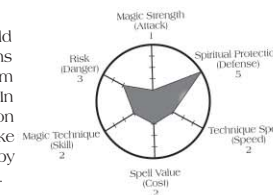

A spiritual profession of pre-19th century Japan, Onmyoudou centers around divination and astrology. As an Onmyouji, or practitioner of the art, Nekoyashiki serves Astral most prominently through his use of "shikigami," or magical familiars that serve him. Nekoyashiki's cats are a prime examples as are the paper cut-outs and scrolls he uses. Nekoyashiki's cats, Genbu, Suzaku, Seiryu, and Byakko, are named after The Four Symbols of Chinese astrology, each representing a particular element and possessing its own unique mythology.

Practitioner
Mikan Katsuragi

Shintoism

Shintoism was a primary religion of Japan until after World War II, and it still persists today as one of the primary religions next to Buddhism and Christianity. However, today's Shintoism is less focused on the mythological aspects of the religion. In *Rental Magica*, Shintoism is primarily concerned with purification and protection. Supposedly, Shinto priestesses could invoke the gods to receive blessings, and this is demonstrated by Mikan, Astral's resident Shinto priestess, on a few occasions.

ITEM LISTINGS

Ratings System

To benefit our customers, we have implemented a rating system for many of our products based on the manufacturer's suggested rating for each title, as well as input from our own staff.

N/R

This title has not been rated.

ALL

Generally acceptable for children. No nudity. Possible mild violence.

12+, 13+, 14+

May contain violence, brief nudity, mature themes, and/or mild language. May suggest sexual situations, but no such situations are shown. Parental discretion advised.

15+, 16+, 17+

Strong violence and strong language. Nudity may be prevalent. Mild sexual situations may be shown.

18+

Extreme violence, explicit nudity, and/or explicit language may be contained in the picture. May contain sexually explicit material. Absolutely not for anyone under 18 years of age.

Please note: Ratings used within our system are typically provided by the manufacturer. Because of the differences in ratings used by these companies, we have combined their systems with the descriptions of the ratings listed above. Right Stuf does not set ratings (except for its own products) and is not responsible for errors, omissions, or inaccurate ratings. These ratings are guidelines only and are subject to change.

Length

The listing for each book or video contains information detailing the approximate length of the item. Depending on the manufacturer, this may or may not include extra bonus features, such as previews or forwards. An N/A indicates that the manufacturer has not provided this information at this time.

Edited and Uncut

Although many fans screech in horror at the very thought of altering the original Japanese version of a show, for a series to make it to American TV (or even into some retail stores) it must often be edited. This can mean that scenes containing nudity, excessive violence, blood, and foul language are altered or even totally removed. Anime purists may want the original in all its glory, but parents of young TV viewers do not. Manufacturers recognize this and sometimes release both the Edited (TV) and the Uncut (original) versions of the show.

DUB ONLY? SUB ONLY?

Although DVDs allow for the possibility of dual languages, it is not always possible to license a title for dual-language release in the States. So, you end up with manufacturers releasing Subtitled Only (SUB ONLY)

or English Dubbed Only (DUB ONLY) DVDs. Subtitled DVDs display the dialogue on the bottom of the screen while the actual voices are still in Japanese. Dubbed means the music is (probably) intact, but the voices have been redone in English. In our online system, you will note that subtitled is represented by (S) and dubbed is represented by (D). You will also see (Hyb), which means that both the subtitled and dubbed versions are on the same DVD.

Release Dates

If an item has not yet been released at the time of this catalog's printing, you may see a release date listed for the item. However, manufacturers can (and often do) change these release dates due to production delays. If you are pre-ordering an item and are concerned whether this item is on schedule, please feel free to check the item's release date through its online listing, contact Customer Service at 1-800-338-6827, or email Customer Service at info@rightstuf.com

Mosaic

The digital "mosaic" effect is sometimes placed over the relevant bits during a particularly adult sequence prior to the title being exported from Japan. When we are aware that a title has this effect, we'll mark it as Mosaic in the listing.

OVA (OAV)?

This means Original Video Animation. Basically, this means it is a direct-to-video release.

Anime Legends / Viridian Collection

Certain DVDs are marked as "Anime Legends" or "Viridian Collection." These are re-releases of the original DVDs at lower prices. However, these editions may or may not include all of the features that were found on the original release. If you are concerned that the DVD you are considering buying may not contain the features that you want, please feel free to contact Customer Service or check the item's listing through our online store.

Missing Volumes

You may notice volume gaps in our printed catalog listings. This is not necessarily because the product isn't available, but merely because we couldn't fit every item into the printed catalog. If you are looking for a certain volume, please feel free to contact Customer Service or check our online store.

How can I check on my order?

If you placed your order through our online store (www.rightstuf.com), you can check your order status when you log in. Otherwise, simply call our friendly Customer Service reps at 1-800-338-6827 or email us at info@rightstuf.com

How long is a typical item

"out of stock"?

With a few exceptions, DVD delays can be measured in days. There are some freak delays, but 2-4 weeks is usually a safe figure. However, please keep in mind that some items are directly imported from Japan and may be in short supply even there. Should the vendor be out of stock at the time of our re-supply order with them, it may be a bit longer. We keep thousands of items in stock, and our computer system automatically adjusts stock levels based on demand.

Can I use my coupons for an online order?

Yes, you can. Simply use the coupon code that is on your coupon when you place your online order. You can only use one coupon per order and only one catalog coupon per customer.

Can I order online Daily Deals items through the mail or over the phone?

Sorry, but these special offers are only available through our online store at www.rightstuf.com. If you check in often enough, you might find some amazing deals online!

How many coupons can I use?

You can only use one coupon per order and some coupons can only be used through our online store. Please see coupon details for specific restrictions.

Do I need to add sales tax?

Only if you're shipping to an Iowa address.

If I move, should I inform you?

Certainly a good idea, especially if you want to keep getting stuff from us. Just drop us a quick note, giving us your old address and your new address, so that we can update our records.

MAIL-IN ORDERS

I went to your online store to order, but I don't have a credit card. Help!

Should you prefer to flip through the online store to select items, you can actually use it to place an order by mail!

Simply select all of the items you want and place them in your cart. When you proceed to checkout, make sure to choose the "faxed or mailed order" option. This will generate a printed form with everything already added up for you (no more calculators!). Just print this form and mail it in with your payment. Although you can use the online store to generate your order, nothing will be recorded by our system, so make sure that you don't lose your form or you'll have to re-enter everything all over again! Please note that online coupons are not valid on mail-in orders.

I saw a coupon on the internet; can I use it?

Some coupons and short-term deals, such as "Shawne's Daily Deals," can only be used through our website and cannot be honored for mail-in orders. This is generally due to specific date or manufacturer requirements, which cannot be imposed on mail-in orders. Please review the specific restrictions of the coupon to see if it can be applied to your mail-in order.

I saw a special deal / daily deal on the website. Can I put it on my mail-in order?

See coupon explanation above.

Why do you hold my order for 12 days when I pay by check?

Even with all this cool technology, checks can still require at least 12 days to clear. In a perfect world, this would not be so.

What's this NSF charge?

"Non-Sufficient Funds" means that your check bounced. There is a \$25 charge for all returned checks. Once you have bounced a check, all further orders must be paid by either credit card or money order.

PAYMENT METHODS

Do you take VISA / MasterCard / Discover / American Express?

Yes to all. About the only plastic that we don't take are standard ATM and gasoline cards.

If I order using a credit card, when do you charge it?

Credit cards (by law in our state, actually) get charged only when the product actually ships.

I'm an international customer.

What's with this extra data you need?

With international mail and credit card fraud becoming a growing problem, we feel it's better to ask you for additional information rather than charge everyone outside the country a lot more for their stuff. For first-time orders only, we require a copy of some form of address verification which shows your address along with a photocopy of BOTH the FRONT AND BACK side of your credit card. For security purposes, you may black out one set of digits. Upon request, we can provide a secure website location for our international customers to submit this information.

This policy only affects first-time international customers. However,

should your address or credit card information change, we will re-request this information in order to protect you and to update our records. This policy is in place to help keep credit card fraud to a minimum and to ensure that our customers have the utmost security when ordering with our company. This information is destroyed after verification.

SHIPPING

How long does it take to ship an order?

From the time we receive your order and place it in our system, standard processing time is 24-48 hours. If some of the items are on back order, it can take an average of 10-14 business days for us to receive the back-ordered items. Standard processing time then goes into effect.

What are your methods of shipping?

Please see our order form for details and prices.

Are there more shipping options available?

Additional shipping options are available for orders placed by phone or through our online store (www.rightstuf.com).

How much is the shipping charge for prepacks / box sets?

Box sets and prepacks are considered single items for shipping purposes.

I'm not at home during the day.

Can you ship to my office?

Certainly. In fact, we prefer to do this to ensure that you actually receive your order. Please provide us all the information that you can, including the name of the company, so your friendly delivery person can get your package to you. We require that you include the business' name in the address. We are happy to work with you to get the product to you as quickly as possible. You can also choose to have your order shipped to you by mail instead. Please note: this policy applies only to our domestic customers. For international customers, we must ship to the billing address on your credit card.

I chose express delivery when placing my order, but it still took 2 weeks to arrive. Why?

You must have ordered a product that we didn't have in stock at the time that we received your order. If an item is out of stock when we receive your order, we still ship it out by express delivery the moment we receive it from the manufacturer. Although we do keep significant stock of the items in our catalog, there are times when there may be delays getting items from the manufacturer, as discussed above.

What happens if my country will not allow me to have this sort of DVD? / My order was seized by customs?

Please consult with the postal authorities of your country prior to placing an order for adult items. We cannot be held responsible for seized shipments or provide refunds for seized products.

RETURNING MERCHANDISE

When I got my (insert title here), it was defective. What do I do?

If your merchandise is defective due to a flaw in manufacturing, we are more than happy to replace the product. Unopened DVDs can be returned for Right Stuf store credit (or in the case of credit cards, refunded to the issuing card). All returns/refunds must be processed within 90 days of the date on your purchase invoice. If you need to complete a return/refund, please obtain a return authorization number from Customer Service at 800-338-6827, or utilize our online return request form at: www.rightstuf.com/requestform

Do I have to pay shipping to return a product?

Yes, but we will pay the shipping to send the replacement back to you. We suggest using the least expensive shipping method available that can be tracked. If you have been shipped an item that you did not order, we will reimburse your shipping costs to return the item to us.

The packaging said it would include (special item), but mine doesn't have it!

Unfortunately, we have no control over what the manufacturers decide to place inside of their products. Sometimes the manufacturers do provide special extras, but we cannot guarantee that these items will be inside of the products that we receive. However, should the item not be included, we suggest that you contact the manufacturer directly. Of course, we are always happy to forward your request on for you!

GENERAL

Why do you charge for your catalog?

In order to keep producing a printed catalog, we have to charge a small fee for it. However, first-time customers can get their money right back by using the \$4-off coupon on page 89! (Not to mention the other great coupons back there.)

Will I get your next catalog?

If you've ordered something from us in the last 6 months, you will automatically receive the new catalog when it is shipped. If not, you may find that you'll stop receiving catalogs and you will have to send us the current catalog fee to reactivate.

When does your catalog come out?

Every spring and fall!

Where are the Adult products?

Since our catalog is delivered to anime fans of all ages, we've taken special precautions to ensure that younger fans are not exposed to products that contain explicit violence, adult situations, or sexual content (18+). Products of this nature have been placed in a special section just for adults. Please feel free to remove this section - it really won't hurt our feelings.

Please be aware that this does not

mean that all items in the regular sections are intended for young children. To help parents, we've taken special care to make sure that products are marked with age ratings.

What's this "Got Anime" thing?

It's an easy way to get an additional discount on your favorite anime items. For a small yearly membership fee, you get additional discounts, newsletters, and members-only specials! Read more about the Got Anime Savings Club on page 6. Please note that international members of the club no longer receive mailings, due to postage costs, but newsletters are available online.

Memberships are non-transferable and will remain with the billing address of your account. If you move, please make sure to contact us with your updated information so that we can update your membership information.

Why don't you carry that many imports?

Limited availability of imports and lack of timely distribution of such overseas items make it difficult to provide quality imports on a timely basis. As such, these items are only listed on our online store, so if you're looking for a particular item, please check our website or call our customer service hotline.

Why don't you have (title here) audio soundtrack from Japan?

See above question regarding imports. You also might want to check our soundtracks section, since a number of titles are released domestically.

I really want to learn Japanese. What resources do you have?

Right Stuf has many products to help our customers learn about Japan and the Japanese language! Whether you're just starting out or you're ready to move onto the next level, make sure to check out pages 64-65 if find our sections featuring materials to learn the Japanese language, and to discover Japanese culture, history, cooking, and travel. Additional materials are also available on our online store, including everything from videos and textbooks to memory aids and intermediate readers.

I saw this show that I think might have been anime. Do you have it?

If you can give us enough information, someone can usually identify the program. Please understand, though, that if you ask us about something where "there's a girl who's like a magic user, a guy with a sword, and a villain who wants to take over the universe," there's a problem. This describes about half the films ever made. Also, knowing what a series or movie is doesn't necessarily mean that it's available in the U.S. as a licensed product, but it could be.

Why isn't (title here) available in the U.S.?

You might be surprised to find out how much anime is available in the U.S. Of the few titles that remain unlicensed, some titles have their rights disputed, some licensors want more money than a title can possibly generate in

this market, and of course, some are currently in negotiation. With the exception of a few TV series (which are a different matter entirely, due to their length), this just about covers it. We do not sell bootlegged products.

Can I special order items that are not on the website?

Simply put: if it isn't on our website, we can't get it at the moment.

What are some good shows for children?

Although this is truly a matter of personal preference, we recommend *Yu-gi-oh*, *Pokémon*, *Teenage Mutant Ninja Turtles*, *Kimba*, and *Astro Boy* for young anime fans. You might also consider the Sanrio titles like *Hello Kitty*. Look for the "ALL" age rating in item listings for child-friendly titles.

What's the most horrible, tasteless adult anime you offer?

That really depends largely on the person you ask. Some would say *Cool Devices* and *Night Shift Nurses*, others *Love Doll* and *Bible Black*. These titles are certainly not for the squeamish and are most definitely only for adults. Look for them in the adult portion of the catalog.

DVD SPECIFIC

What is Region Coding?

Region coding is a geographical restriction for DVDs and players that allows for licensing of specific materials within different areas, or regions, of the world. Since DVD players are region specific, you need to make sure that the DVD you purchase is coded for the same region as your player.

What region is my DVD player?

If you purchased your player from a retail outlet in the U.S., it should be Region 1. You can check the Region Coding on your DVD by looking for the Region Code symbol on the player's packaging.

Region Coding List:

- 1 United States of America, Canada
- 2 Europe, including France, Greece, Turkey, Egypt, Arabia, Japan and South Africa
- 3 Korea, Thailand, Vietnam, Borneo and Indonesia
- 4 Australia and New Zealand, Mexico, the Caribbean, and South America
- 5 India, Africa, Russia and former USSR countries
- 6 People's Republic of China

Can my DVD play in a Playstation / Xbox / personal computer?

It depends on the DVD. There have been instances of some DVDs having difficulty playing in certain players. While the vast majority of DVDs will work just fine, we cannot guarantee all DVDs will play correctly on your Playstation, Xbox or personal computer.

Will a Blu-ray disc play in my DVD player?

Only if you have a special Blu-ray player or a Playstation 3.
